Professional Summary

As a front-end developer with nearly two years of experience, I specialize in creating dynamic user interfaces using React.js. I have extensive experience integrating front-end components with back-end services through RESTful operations (GET, POST, UPDATE, DELETE). I am adept at crafting seamless, responsive, and user-friendly web applications, with a strong focus on problem-solving and delivering high-quality, maintainable code.

Area of Expertise

✓ HTML5, CSS3 (Flexbox, Grid, Animations), JavaScript (ES6+), Responsive Design

✓ ReactJs (Hooks, Context API, Redux), Bootstrap5, Tailwind CSS

✓ RESTful API Integration

✓ Version Control: Git, GitHub

✓ Operating Systems: Windows, Linux

✓ Package Managers: Npm, Yarn.

Work Experience

Pixalive Technology Services Private Limited   **July 2024 - Present**

ReactJS Developer

✓ Developed dynamic, responsive user interfaces with React.js to enhance user experience.
✓ Implemented reusable front-end components for scalability and maintenance.
✓ Integrated RESTful APIs using GET, POST, UPDATE, and DELETE operations for efficient data management.

Tripalive.Me Technology Private Limited   **February 2023 - July 2024**

Junior Software Developer

✓ Collaborated with cross-functional teams to ensure a cohesive front-end and back-end integration.
✓ Optimized application performance through effective debugging and code enhancements.
✓ Actively contributed to code reviews, ensuring consistency and high code quality across the project.

Education

Post Graduate – MBA (General) - Directorate of Distance Education
Pondicherry University | 2021

Bachelor of Technology in Electrical and Electronics Engineering
Manakula Vinayagar Institute of Technology | 2018

Projects

Project	Role & Technologies	Description
Portfolio Website Development	**Frontend Developer | Reactjs** ReactJS, Bootstrap5, MaterialUI, ReactIcons, React-Router-Dom, Redux-ToolKit, Axios Library, Npm packages, GIT & GitHub.	A photography portfolio Website serves as a digital showcase for photographers to display their work, manage projects, and connect with potential clients. It provides tools for uploading portfolios, managing galleries, and handling client inquires seamlessly.
E-commerce Adult Products Platform	**Frontend Developer | Reactjs** ReactJS, Bootstrap5, MaterialUI, ReactIcons, React-Router-Dom, Redux-ToolKit, Axios Library, Npm packages, GIT & GitHub.	An online store specializing in adult products, offering a secure and discreet shopping experience. Features include a wide product range, mobile-friendly design, secure payments, and privacy-focused shipping options.

Libraries & Frameworks

- ✓ React-Router-Dom
- ✓ AOS
- ✓ Axios Library
- ✓ Bootstrap 5
- ✓ Tailwindcss
- ✓ Material Ui
- ✓ GSAP
- ✓ Chart.js

Roles and Responsibilities

Junior Software Developer (ReactJs Developer)

- ✓ Developed interactive and user-friendly interfaces using React.js.

- ✓ Collaborated with UI/UX teams to transform wireframes into functional applications

- ✓ Implemented responsive designs using Bootstrap and Tailwind CSS for cross-device compatibility.

- ✓ Utilized React Router DOM for seamless navigation between application pages.

- ✓ Managed state and side effects with React Hooks (useState, useEffect, useContext).

- ✓ Employed Redux Toolkit for efficient, scalable state management.

- ✓ Used Git and GitHub for version control and team collaboration.

- ✓ Managed dependencies with NPM for optimized development workflow.

- ✓ Improved app performance with code splitting and lazy loading techniques.
